1991 CABERNET SAUVIGNON

GRGICH HILLS

YOUNTVILLE • SELECTION
CABERNET SAUVIGNON

Napa Valley
1991

PRODUCED AND BOTTLED BY GRGICH HILLS CELLAR
RUTHERFORD, CA • ALC. 13.3% BY VOL. • CONTAINS SULFITES

This *Yountville Selection* Cabernet Sauvignon is the first and perhaps the only wine we will produce in recognition of this special grape growing region. Selecting only the best barrels from our estate vineyard, we isolated 8% of the total production for this "Yountville" designation.

Extended maceration has given this Cabernet highly-extracted varietal flavor and color. Also, the predominant flavors of ripe fruit, chocolate and cherries have mingled with the oak to create a beautiful, complex wine. This 100% Cabernet is to ordinary wine what a truffle is to a chocolate bar!

Due to limited production (1,250 cases), this wine will make a perfect gift for the discriminating wine drinker or collector.

REVIEWS of 1991 Cabernet Sauvignon, Yountville Selection:

<p><i>Wine Spectator</i> December 15, 1995</p>	<p>Straightforward, sturdy style of Cabernet, showing currant flavors at first and hinting at plum and vanilla as the finish revs up.</p>
<p><i>Quarterly Review of Wines</i> Spring, 1996</p>	<p>Missing this wine is sinful. Cedary, supple, cherry and blackberry tones in bouquet and taste. Tannic. Assertive. Good structure; smooth finish that reveals complexity and awe.</p>
